Soviet Consul Must Leave

Marshall Says Russ Abused Its Position

by John M. Hightower
Washington, Aug. 20.—(AP)—President Truman, today virtually directed the Russian consul-general at New York to leave this country.

A note delivered to the Russian embassy in Washington stated that the consul-general, Jacob M. Lomakin, had misinformed his own government, sought to mislead the American people, and otherwise "abused" his official position.

The charge grew out of Lomakin's actions in the case of the Russian school teacher, Mrs. Oksana Kosenkina, who last week threw herself from an upper story window of the consular building in New York, receiving serious injuries.

U. S. Says Conduct Abusive
"The United States government considers that Consul-General Lomakin's conduct constitutes an abuse of the prerogatives of his position and a gross violation of the internationally accepted standards governing the conduct of foreign officials," Secretary Marshall's note to the Soviet embassy stated.

"The Department of State is therefore requesting the president to revoke the exequatur issued to Consul-General Lomakin, and it is requested that he leave the United States within a reasonable time."

The note also referred to "highly improper" conduct of other Russian officials.

It did not name them, however, set forth any details of what they had done. Diplomatic observers inferred that the United States might take similar action against other Soviet officials if it deems them guilty of "improper conduct."

McDermott Knows Nothing
Michael J. McDermott, State Department press officer, did not amplify these points in a news conference. He was questioned specifically about action against Zolt I. Churnykh, Soviet vice-consul, and he replied "I know nothing about that—our opinion so far is limited to Lomakin."

Asked about the other "officials" mentioned in the note, he replied, "That's a good statement—those who wrote the note mean it."

As for the Kosenkina case, McDermott said it is not closed. He called attention to the American request for two letters written by Mrs. Kosenkina.

The American action apparently puts Lomakin on an extremely hot spot. He will lose his official status here in a few days by order of President Truman. If he goes home to Russia, American diplomats believe he will be in bad trouble for having bungled the refugee school teacher case; if he doesn't leave this country readily he may be deported—unless of course he wants to join the ranks of the Red Russian refugees which no one here expects.

In New York, Lomakin declined to discuss his situation.

Presidential Press Secretary Charles G. Ross told reporters "the whole thing was done under the president's orders."

The action against Lomakin was part of a three-front attack by the United States last night and today against Russia in the diplomatic-propaganda battle between Washington and Moscow over Russian refugee school teachers. They are Mr. and Mrs. Mikhail I. Samarin and Mrs. Kosenkina.

At the end of the trip on Aug. 29 he will spend a week at the White House before opening his drive for a full four-year presidential term with a one-day, five-speech swing in Michigan on Labor Day.

Both Republicans and Democrats are claiming Michigan this year. The state's 19 electoral votes went to the late President Roosevelt in 1944, but only by the slim majority of 22,476 popular votes over Gov. Thomas E. Dewey in a total vote of 2,191,322.

The President's original schedule of six speeches in Michigan was cut to five today. Hamtramck was eliminated because it was found that this town, in the Detroit area, could not be included and a smooth running schedule maintained.

"It was simply a case of time," said George S. Fitzgerald, Michigan Democratic National committee. With John Gibson, assistant secretary of labor, a former Detroit CIO official, Fitzgerald talked over the Michigan arrangements with Mr. Truman before the latter left Washington.

The main speech Labor Day will be at Detroit around 12:30 p.m., eastern standard time. Other talks will be at Grand Rapids, Lansing, Flint, and Pontiac.

The President embarked at the Navy yard on the yacht Williamsburg shortly before lunch. He took a briefcase full of material, campaign and official, on which he said he will work while aboard.

Heidelberg, Germany, Aug. 20.—(AP)—U. S. army headquarters disclosed tonight that a Russian offer to return two Americans picked up at the Soviet zone border Aug. 5 had been refused because the Russians demanded admissions of "guilt."

The Russians produced the men Aug. 10 at the American-Soviet zone border and said they would free them if an American liaison officer would sign a receipt, drawn by the Russians, admitting that the two men had:

- 1—Entered Russian territory without authority.
- 2—Carried a camera and took pictures of the border while in Russian territory.

The liaison officer, unidentified by the army, refused on the ground that he was authorized only to sign a simple receipt.

The Russian negotiators then took the two Americans back into the Soviet zone.

The Americans, Lieut. Sherman S. Turner, Jr. of Council Bluffs, Iowa, and Roland M. Myer of Brooklyn, both members of the U. S. military government, have not returned since to the American zone.

The American liaison officer, who saw Turner and Myer on Aug. 10, said they were "in good condition."

Spy Probe Hits Snag; Lawyers Won't Talk

How Drafted Youths Will Be Classified

Washington, Aug. 20.—(AP)—The congressional spy probe hit new snags today. Three ex-new deal lawyers refused to talk about an alleged pre-war Communist underground in the government and a missing key witness remained unaccounted for.

The three non-talkative witnesses are Lee Pressman, John Abt and Nathan Witt. The "missing" witness is J. Peters, who is under bond awaiting hearing in a deportation case.

Pressman, former counsel for the CIO and the work projects administration (WPA), and Abt, a former WPA executive, now are active in Henry A. Wallace's presidential campaign.

Witt, ex-secretary of the National Labor Relations Board, is a practicing lawyer in New York.

The three were named by Whit-taker Chambers, a star witness in the House Un-American Activities Committee Spy Investigation, as having been members of a Communist underground that sought to place Communists in high government jobs in the mid-30s.

Chambers said Peters headed the entire Communist underground in the United States.

Pressman, Abt and Witt were questioned by Rep. Nixon (R-Calif.) on behalf of the committee behind closed doors this morning. Nixon announced later that they stood on their constitutional rights and refused to answer questions dealing with Chambers' charges or to say whether they knew other alleged Communists named by Chambers.

Chambers, who renounced communism in 1937, now is a Time magazine editor.

The committee's efforts to question Peters hit a barrier when Watson Miller, head of the Immigration Service, announced that he has no authority to produce Peters as a witness before the committee.

There will be no lottery as in the war. The call to uniform will be determined by classification (set by local boards) and by age.

These are the men who are exempt from the draft:

The law passed by Congress automatically exempts war veterans with at least 90 days service between Pearl Harbor (Dec. 7, 1941) and V-J Day (Sept. 2, 1945), or with 12 months service between Sept. 16, 1940 and June 24, 1948 (the date the draft law went into effect).

Ordained Ministers Exempt
Also exempt by law are ordained ministers, students studying for the ministry, and conscientious objectors (from combatant service; they may be used in the military service in non-combatant activities if they do not protest.)

Automatically deferred by the draft law are high school students up to graduation or the age of 20 (whichever comes first) and college students for the rest of the academic year. However, students must be doing all right in their studies.

Russ Police Raid Berlin

Thousands Arrested In Two Attacks

New York, Aug. 20.—(AP)—Russian Consul General Jacob Lomakin told newsmen "you are wasting your time, gentlemen," when asked today for comment on the United States demand that he leave the country. "I have nothing to say," he added.

The Soviet-controlled German police backed by Red Tommy gunners today staged two lightning raids along the western sector border and carried off five American sector German police.

An American official denounced the action as a violation of United States jurisdiction.

The raids were directed against blackmarket operators in Potsdam Platz in the heart of Berlin where the American, British and Soviet sectors converge.

The Soviet-licensed news agency ADN said tonight 2,500 persons were arrested in the two raids. ADN said also a third raid was carried out in Berlin's central market hall deep in the Soviet sector, where large amounts of black market food was confiscated.

Four Germans Wounded
Potsdam Platz was the scene yesterday of an anti-Communist riot in which four Germans were wounded by Soviet sector police bullets. Several German police were injured by stones thrown by angry Germans denouncing "Communist Pigs."

In the first raid today, Russians estimated 600 alleged black marketeers were hauled away.

Germans jerryed 60 Russian military police and soldiers who withdrew about an hour and a half after the raid. Some soldiers immediately leaped from their truck and rushed at the crowd. The Germans fled into the American and British sectors.

Later in the afternoon, another group of Russian military police with their controlled German police invaded the American sector for at least the third time within the last week.

Ray Ashworth, United States public safety officer, said they rounded up an estimated 200 alleged German blackmarketeers and took them into the Russian sector for arrest.

Police Chief Arrested
A jeep load of four American sector German police were seized as they drove up to investigate the disturbance.

When the American sector German police chief for the borough of Kreuzberg sought to investigate, he also was picked up. Ashworth said he was enticed into the Russian sector to talk over the release of his men.

Two of the policemen later escaped in the milling crowd, but three still were held hostage tonight. Ashworth said he has demanded their immediate release.

The incident, he said, was a clear violation of United States jurisdiction.

Israel Government Seeks Approval For UN Admission

Thousands Arrested In Two Attacks

Lake Success, Aug. 20.—(AP)—The government of Israel tonight asked the Security Council to approve its admission to the United Nations.

The appeal from the new Jewish state was in the form of a memorandum to the 11-council members.

Aubrey S. Eban, Israeli delegate to the U. N., said a formal application would be filed soon—probably at the opening of the General Assembly in Paris Sept. 21.

The memorandum said recognition of Israel and her entry into the U. N. is essential to peaceful settlement of the Palestine problem and peace in the Middle East.

Applications first must pass the council and then the 58-nation assembly.

There were no clear indications here at this stage whether the application would win approval in the council.

A spokesman said the United States would vote for Israel.

Two men killed today in the crash of a light bomber 15 miles west of Fairfax, Va., the air force reported tonight.

The plane, a B-26, had been en route from Bolling Field, Washington, to Lockbourne air force base at Columbus, Ohio, when it crashed.

Bolling Field authorities said Sheriff Anderson at Culpeper, Va., had determined that two men were aboard the craft from billboards found at the scene of the wreckage.

The plane left Bolling Field at 2:07 p.m. C.S.T., and crashed about 4 p.m., the air force reported.

Cause of the mishap was not immediately ascertained.

The identity of the two men killed, one an officer, the other an enlisted man, was withheld pending notification of relatives.

Since the police force split into east and west units, the Moscow-trained head of the Soviet sector police, Paul Markgraf, has ordered his men to ignore sector boundaries in their operations.

Reviewing last night's rioting at Potsdam Platz, Col. Frank L. Howler, United States commander of Berlin, said "it must be recognized that German police have a right to defend themselves against attack by lawbreakers."

Since his refusal to accept dismissal by the Anti-Communist city government, Markgraf's police have been arrested at least 10 western sector policemen on Eastern Berlin streets or in their Soviet sector homes on what American officials called "trumped up charges of theft."

Four-Power Meet Cancelled Friday

Thousands Arrested In Two Attacks

Moscow, Aug. 20.—(AP)—An expected four-power meeting today to materialize today. Informed sources said a hitch had developed in the Kremlin conversations involving Western Germany and Berlin's currency.

Diplomatic negotiations between the Soviet Union and the United States, Britain and France began July 31. They were aimed at thrashing out east-west differences in Berlin and perhaps all of Germany and Europe.

An irate citizen complained to Mayor Al Feeney of the behavior of a policeman who served a warrant for his arrest for failing to appear in court for traffic violations.

"My wife was sick in bed under a doctor's care," the citizen wrote, "and that policeman almost knocked the door down and scared her almost to death."

The mayor replied the law requires prompt settlement for traffic violations, but that he would look into the policeman's behavior.

Then came the citizen's second letter.

"You're right," he wrote, "I was wrong. I've just paid up. My conscience is clear. And that policeman should be complimented. The scare he gave my wife has so improved her health that she is getting up and preparing my breakfast."

YEH, WE KNOW SNEEZING SOUNDS FUNNY!
This is the season when hay fever victims and their sympathizers turn their wrath on the ragweed. Unfortunately, there isn't much that can be done today to ease the plight of these sufferers. Wind carries the pollen to such distances that Morgan county could be completely free of the ragweed and still not be immune to hay fever. Even those sufferers who seek refuge in Minnesota have their unhappy moments when there is a strong wind from the south.
But if every community went to work systematically on the ragweed, real relief would be provided. It is pretty late to do this for 1948, except for those communities having ordinances which require all property owners to exterminate the ragweed; and it isn't easy under that plan. An easier way is to kill the plants when they are young by spraying them. If hay fever victims everywhere would put pressure on their communities to launch a ragweed war of that kind, they could look forward to eventual relief.

A NEW REPUBLIC BORN
Americans, who always get a thrill when a new republic is born, look with hope and sympathy upon the Korean republic which was proclaimed Sunday and which we helped to establish.
But no republic was ever born under more troubled skies. It is, in reality, a South Korean republic, for the Russians, who control the northern half, refused to take part in the UN-supervised election which resulted in the southern vote for democracy and are whipping the northern natives into tough, tightly organized Communist bands. Our representatives naturally concluded that if they pulled out of Korea the Communist-organized goons would sweep down and take everything.
But General MacArthur, participating in the republic's inauguration ceremonies, gave this pledge: "This barrier must and will be torn down. Nothing shall prevent the ultimate unity of your people as free men of a free nation."
If MacArthur can make good on that pledge, he will truly be the great man that he is hailed to be for his peace-making progress under far more favorable conditions in Japan. May providence permit him and his country to succeed.

Chimp Acts Almost Human But He's Not Bragging

By Arthur Edson
(For Hal Boye)
Washington — (AP) — A magazine carried a story the other day about a chimpanzee who acted "almost like a human."
I don't know the chimpanzee myself, and I dislike giving advice to strangers. But if he doesn't sue for libel, that chimp's a chump.
I don't suppose he could collect. But think of the fun he'd have, reading the newspapers as I have done, collecting evidence to show that nobody, not even chimpanzees, have as much fun as people.
For instance:

Hollywood Bank Opening
In Hollywood, a bank has announced its plans for a Hollywoodian opening. The first depositor will be Dorothy Lamour. She's to show up, lift her skirts and extract roll of bills from the top of her nylons. Lasso will be there, too. He'll deposit a bone.

Here in Washington, we've had the usual run of August divorce cases.

One aggrieved wife complained because she said her husband had heaved a flower box (not pot) at her. And a husband declared that his wife had tossed a rocking chair at him. "Hit me, too," he said.

Showing that we humans are pretty much the same everywhere, let's look at the news from abroad.

Waged War On Conductors
In Argentina, passengers, sore because they no longer could buy tickets after boarding their trains, waged war on conductors.

One passenger tossed a conductor off a moving train. To even things up apparently, another conductor took a pot shot at a passenger. He missed, but in the understandable excitement, the passenger fell off and broke an ankle.

Back to Washington for our roundup:

A local resident looked through her binoculars, brought police cars screaming after she reported, "there's a lion loose out here."
The cops finally located the beast, a very sad, small feeble fox.

U. S. Grants Since War Total More Than 16 Billions

Geneva, Switzerland, Aug. 20. — (AP) — In the three years since the end of the war, the United States government has given reconstruction grants to the rest of the world totalling more than \$16,000,000,000, exclusive of the European recovery program. Statistics supplied to the United Nations economic and social council showed today that U. S. government loans, property credits and grants to the rest of the world between July 1, 1945 and March 31, 1948, amounted to \$16,326,000,000. In addition, U. S. government credit and relief grants still to be utilized, including the ERP, totalled over \$9,000,000,000 dollars.

A considerable portion of the utilized total went to countries beyond the iron curtain, including \$468,000,000 to the Soviet Union.

Navy Reservists Receive Warning

Washington, Aug. 20. — (AP) — The navy warned its organized reservists today that if they miss as few as five weekly drills a year they'll lose their draft exemptions.

At the same time, it announced that young volunteer reservists (who do not attend regular drills and are not draft exempt) can complete for appointment to the naval academy if they have had 14 days of active duty before the examination date next April.

Under the draft law, members of an organized reserve unit are exempt only as long as they take part satisfactorily in drills and training.

Destroy Jail From Which 100 Or More Prisoners Escaped

Elizabethtown, Ill., Aug. 20. — (AP) — Hardin county's old calaboose is no more. They have applied the torch to the storied steel cells to put them on the scrap heap.

None knows how many prisoners broke out since it was erected in 1892. The number grows with the retelling and the figure "100 or more" now has some supporters in this little Ohio river town.

But there were so many that citizens, tired of the fun poked at their infamous bastle, amassed a \$15,000 kitty for an escape-proof prison.

One prisoner escaped, was recaptured and escaped again. Another just walked out through an unlocked cell door. He wrote the innocent sheriff a note of thanks. Then there was the fat man who got stuck in a hole he poked through a brick wall.

Now, the jail perched on a hillside back of the courthouse will be used for storage. A new county jail will go up. Meanwhile, county prisoners are lodged in the nearby Rosiclare jail.

Mississippi River Beavers Prefer Boats Without Tar

Washington, Aug. 20. — (AP) — The beavers of the Mississippi river prefer their wooden diet unbattered with tar, thank you.

A Dubuque, Iowa, boat builder asked the fish and wild life service for help after beavers chewed holes in 14 new freshly-painted flatboats intended for rental to fishermen.

Harley C. Lawrence, government biologist at the upper Mississippi river national wildlife refuge, Winona, Minn., noted that the beavers failed to nibble at boats that were old or without paint. He smeared the outside of the new boats with tar.

"A couple beavers took a nip at the tar but lost their appetite before doing any damage," Lawrence reported.

Tells Of Strife Within 3rd Party

Baltimore, Aug. 20. — (AP) — The Baltimore sun today said it had been told by a former Wallace-Ford-President leader that a "struggle" is being fought within the Progressive party.

It quoted Rexford Guy Tugwell, ex-governor of Puerto Rico, and chairman of the platform committee at the recent Progressive party convention in Philadelphia.

"I hope its (the party's) organization and program will develop in a way that will permit those of us who are old-fashioned American Progressives to go along with it," he was quoted.

STOLEN BASE
AND AN ERROR?

Scottsbluff, Neb., Aug. 20.—(P)—B. M. Diers, a member of the State American Legion Athletic Commission, scratched his head over a tough one today.

It was the ninth inning of a Legion Junior night baseball game between Fairbury and Alliance with two out. Alliance led 3-2. The Fairbury batter struck out and the Alliance catcher dropped the ball.

As the batter headed for first and the catcher threw the ball, the lights went out. When they came on, the runner was on first and the ball in right field.

The runner went around to tie the score at 3-3 before the game was called off.

Diers has to decide whether Alliance won, the game was a tie or just to forget the whole thing.

Truck Load Of
Diapers Found;
Driver Missing

St. Louis, Aug. 20.—(P)—Illinois state highway patrolmen took a truck load of diapers into safe keeping last night and began a search for the driver, who they said is missing along with \$100 in collections.

Morris Moscovitz, head of the Tiny Tot Diaper service, told the patrol the driver did not report at the end of yesterday's deliveries. His truck with the keys in the ignition was found east of East St. Louis on State Highway 157.

The patrol said a note signed with the driver's given name read "tell Mom goodbye." An account book showed collections totalling \$100. The driver's route covered most of St. Clair and Madison counties.

Dr. Paul L. Day
Wins Award Of
Chemical Society

St. Louis, Aug. 20.—(P)—Dr. Paul L. Day, head of the department of biochemistry in the University of Arkansas School of Medicine, was named today as winner of the 1948 midwest award from the St. Louis division of the American Chemical Society.

His work led to characterization of a new member of the vitamin B-complex, now known as powerful help to liver extracts in treating pernicious anemia.

Scientists in Missouri, Illinois, Kansas, Iowa, Arkansas, Oklahoma, Nebraska, Kentucky and Tennessee are eligible for the gold medal award given annually for the outstanding contribution to advancement of chemistry. Formal presentation will be made Sunday, Sept. 5, at the opening of the society's midwest meeting here.

Work by Dr. Day on the nutrition of the rhesus monkey early in the 1930's led to characterization of the vitamin, previously unrecognized as an independent substance. By 1938 he had differentiated this vitamin from all other known members of the B-complex group and named it vitamin "M".

Dr. Day has headed the university's biochemistry department since he received his doctor's degree at Columbia University in 1927.

The 1947 award went to Dr. Anderson W. Ralston of the Armour Research Laboratories, Chicago.

"Are Down" Says
East Side Official

East St. Louis, Aug. 20.—(P)—Police Commissioner John T. English, who had promised a report on gambling in East St. Louis, said today: "The places are down—that's all I will say."

When reporters asked for details of a police report on an investigation ordered by the commissioner Wednesday, English said "What are you trying to do, cross-examine me?"

Chief of Police Henry Bishop said police "went around yesterday to several places and found them closed." He added the officers did not go inside because they had no search warrants and that full investigation was impossible because of a lack of time and manpower.

English ordered an investigation after a city council meeting Wednesday at which City Fire Commissioner Richard T. Carter said he had heard of at least two handbook operators who were open for business.

COMPARE THE VALUE

Yes, compare the features—compare the prices and you, too, will come to the conclusion that Chevrolet continues to be first in value. It alone gives Big-Car feature after Big-Car feature for Big-Car motoring results—and gives them at prices which are lower than those of any other car with Chevrolet's strong, sturdy construction and high standards of quality. That's why Chevrolet is first in demand—in all parts of America—again in 1948—just as it's first in dollar value!

COMPARE THE POPULARITY

You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet! More people are buying Chevrolets, and more people are driving Chevrolets than any other make of car, in state after state and from one end of the country to the other. That's true again this year just as it's been true during the total 17-year period, 1931 to date!

COMPARE THE FEATURES

You'll find that this big, dependable Chevrolet is the only car offering all the following Big-Car features at lowest cost. Features like the Unitized Knee-Action Ride for gliding smoothness... the world's champion Valve-in-Head engine for performance and economy... COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the lowest in its field. Moreover, Chevrolet also saves you large sums on gas, oil and upkeep! If you compare the prices in terms of value received, you'll pick Chevrolet as your wisest investment—the only car that gives you the outstanding value of Big-Car Quality at Lowest Cost!

Only Chevrolet gives BIG-CAR QUALITY AT LOWEST PRICES... that's why

World Council Of Churches Meets At Amsterdam

The World Council of Churches, representing the Protestant and Eastern Orthodox churches of the world, will hold its first Assembly in Amsterdam, August 22-September 4. Some 900 delegates and alternates will be present from 43 nations.

Besides its ecclesiastical leaders, United States Protestants will be represented by such prominent "lay-leaders" as Charles P. Taft of Cincinnati, President Mildred McAfee Horton of Wellesley, John Foster Dulles of the State Department, and John R. Mott, missionary statesman of America.

Europe will be represented by such eminent churchmen as Dr. Geoffrey Fisher, Archbishop of Canterbury, Pastor Martin Niemöller of Germany, Bishop Andrey of the Bulgarian Orthodox church, Bishop Feilbun of the Church of Norway, Dr. Cockburn, moderator of the Church of Scotland, and theologians such as the distinguished Dr. Adolf Keller of Switzerland.

The World Council Assembly will not seek to do away with the democratic principle of diversity among Protestant churches, but it will seek for ways and means of closer cooperation and coordination of effort in meeting the needs of the post-war world.

In the two weeks' Assembly such questions will be considered as "Is the Church living up to its calling?" "Does the Church proclaim and exemplify justice and reconciliation of International Life?" "Is the Church rendering a clear witness?" "Does the Church proclaim and exemplify the Lordship of Christ to society?" "How may the Church contribute toward permanent peace in post-war Europe and the world?"

Headquarters of the World Council of Churches are at Geneva, Switzerland. Though the Council is ten years old, the Amsterdam Assembly will be the first world gathering. Chief among the Council's activities are the Study Department, the Ecumenical Press Service, and the Department of Reconstruction and Relief.

Responding to the call of the World Council, in many of the churches of Jacksonville, the United States and the world, prayers will be offered this Sunday for the success of the Amsterdam Assembly. It has been suggested that church bells and chimes should be rung everywhere throughout the day as a universal "Angelus," calling the people to prayer.

Dealers And Legion Lose Thrillers; 2nd Game Goes 12 Innings

Games Sunday
7:15—Squires vs. Amvets—Recreation club junior league championship game.
9:00—Critic Feeds (Beardstown) vs. Carrollton Lions—Invitational tournament championship.

Two of the most interesting softball games staged at Nichols Park this season were provided for a slim crowd Friday as semi-finals of the West Central Illinois Invitational journey were completed.

Home town fans had little to cheer about when the dust cleared, however. After the Jacksonville Farm Implement Dealers dropped a 2-1 contest to the Critic Feed team in the last of the seventh, the American Legion nine lost a 12-inning nightcap to the Carrollton Lions. The final score of the second tilt was 4-2.

Good Defense
Naturally, it was the second game which fans went away talking about. Both teams had several scoring opportunities after the Lions knotted the count in the seventh, but it was not until the Legion opened the gate with two 12th inning errors that either club was able to cash in.

Beautiful defensive play by the Carrollton club was probably the biggest factor in the win. The Lions covered both the infield and outfield with champion-like precision and didn't commit a bobbie until in the bottom of the 12th.

Osborne of Carrollton and Blakeman of the Legion locked in a tight round duel, both hurlers going the route. Blakeman gave up 10 hits, more than did Osborne, but both chuckers kept the blows well covered.

Off To Good Start
The Legionnaires gave the early impression that they were going right on with their slugging when they left off in the quarterfinals. They rocked Osborne with three hits in the second and pushed across two runs. Sims doubled, Wolfe singled and Evemyer advanced the runners with a sacrifice. Sims scored on a passed ball and Wolfe came across on Hart's double.

Osborne settled down again in the third, however, and that was all the scoring for the Legion nine. In fact, the Jacksonville club got only three scattered hits in the next 10 frames.

Carrollton scored once in the top of the second on a blast over the left field fence by J. Frech.

Extra Innings
The Lions sent the combat into extra innings in the top of the seventh. Geers was safe on an outfield error. An infield error moved Geers to third and he scored on a single by Cunningham. Another single by the pitcher had the host, Huff in trouble, but a pop-up to the catcher ended the threat.

It was errors which accounted for the winning tally. Cunningham opened the 15th with a single. An error at first base allowed him to advance to third and put B. Volles on base. Another error, this one on the Legion second baseman, allowed one run to score and a passed ball let the second runner reach the plate.

An error and a hit batsman gave the Legion a chance in the bottom of the inning, but the hosts couldn't move the men around.

First Game
Both Beardstown and the Dealers scored once in the fifth inning of a tight opener—a pitcher's battle all the way.

The winning run by the Critics in the last of the seventh was unearned. With one out Mulligan hit a high fly to left field. The fielder dropped the ball and before the Dealers were able to recover, the Beardstown center fielder had dashed all the way home.

Big Bill Boyer came up with a two-hitter for the winners. Dale Hegton held the losers to four blows. Each team had two errors.

Freddie Haas Leading Denver Golf Tourney
Denver, Aug. 20.—(P)—Battling for his first major tournament victory as a professional, 32-year-old Freddie Haas, Jr., of New Orleans burst out in front in the \$12,500 Denver Open today.
Three players shattered the 36-hole course record.
The former national college champion from Louisiana State took just 65 blows to breeze through the Wellsboro Municipal layout. The seven-under-par performance, coupled with yesterday's 67, gave him a sensational 132 for the two rounds.
This bettered by two strokes the competitive 36-hole record established by Jimmy Clark of Inglewood, Calif., in the National Public Links tournament in 1946.
Dr. Gary Middlecoff of Memphis, Tenn., who had taken the first day lead, with a 65, dropped into fifth place today with a 72.
John Bulla of Phoenix, Ariz., and Ben Hogan of Hershey, Pa., who shot 66's yesterday for a second place tie, were all even again today with 67's—and still tied for the runner-up spot. They also broke the course record.
At least a half-dozen remained well up in the running for the \$2,150 first-place prize to be awarded Sunday at the end of 72 holes.

NO INCREASE IN PACKARDS
New York, Aug. 20.—(P)—The Packard Motor Car Co. does not plan to raise its car prices immediately, despite increases in steel prices and higher freight costs, George T. Christopher, president, said today.
Those two factors alone, he said, increased the cost of Packard cars an average of \$33.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Aug. 20.—(P)—Hog prices lost 50 cents to \$1 a hundred pounds today while cattle were generally steady and sheep were steady to 50 cents lower.

Most good and choice butcher hogs sold between \$28 and \$31, although a few sold as high as \$31.25 and a short load pushed the top to \$31.50. Sows made \$23 to \$29.
Choice steers were absent. A few high-medium and good grades brought \$32 to \$37.50 and a package of good fed heifers sold for \$35. Medium and good beef cows took \$21.50 to \$25. Bulls were weak at \$10 to \$24.25 and vealers were weak to 50 cents lower at a practical top of \$30.
Western lambs also were absent from the day's run, but good and choice native springers were available at \$26.50 to \$27. Ewes of slaughter type topped at \$12.
Total receipts included 6,000 hogs; 1,500 cattle, 300 calves, and 2,000 sheep.

New York Stock Market

New York, Aug. 20.—(P)—Railway issues paced a rising stock market today.

Southern Pacific supplied a good share of the motive power with a jump of around 4 points at one time on news of a boosted dividend. Gains elsewhere ranged from fractions to 2 points or so.

Turnover was a bit above some recent slow sessions but still not enough to amount to much. Sales for the day were in the neighborhood of 700,000 shares, which would compare with 580,000 Thursday.
Higher prices were paid for Nickel Plate, Illinois General, U. S. Steel, General Motors, Chrysler, Goodrich, Phelps Dodge, General Electric, and Eastern Airlines.
Directors of Southern Pacific lifted the dividend to \$1.25 a share from \$1 after the close yesterday.
New Haven 4's of 2022 were again in front of the bond market with modest improvement noted in a number of other rail lines. U. S. government issues in over-the-counter dealings held steady.

NO SPECIAL TREND ESTABLISHED IN EARLY DEALINGS

Chicago, Aug. 20.—(P)—The grain market finally decided the path of least resistance was downward today. It took a long time to establish a trend, but in the last hour selling increased in September corn and the rest of the market followed that contract lower.
Further weakness in cash corn caused some selling. Early sales in the spot market were about unchanged from yesterday, but late in the day No. 1 yellow brought only \$1.88 a bushel, down around 7 cents from the late market yesterday. Bookings totaled 120,000 bushels.
In contrast with most other contracts, September wheat showed a steady undertone a good part of the day. Short covering helped this delivery. July wheat dropped below the \$2.00 mark several times. Oats, rye, and soybeans worked lower. Lard was mixed.

Receipts were: wheat 31 cars; corn 126, oats 41 and soybeans 3.
Wheat closed 1 cent lower to a high of 92¢, September 92¢-1/4, corn was 1-3/4 lower, September 1.60-1/4, oats were 1-1/4 lower, September 12-7/8, rye was 1-1/4 lower, December 11-1/2, and soybeans were 11¢ lower to a high of 11-1/2, November 12-3/8.

Boxer Win Doubleheader

Boston, Aug. 20.—(P)—Home runs were in vogue today as Boston's Red Sox won both games of a doubleheader from the Washington Senators, 5-4 in 10 innings and 10-4, a rout in second place a half game ahead of Philadelphia's Athletics.

The A's were defeated 6-2 by the New York Yankees in a night game. A paid crowd of 15,865, augmented by 3,500 youngsters, was silent in sympathy for lefty Mel Parnell after eight and a half innings of the first game. The Sox were trailing 4-1 although Parnell had given but five hits.

However, the fans came to life when Vern Stephens clouted a three run homer over fence and screen in left to pull the Sox into a 4-4 tie. Stan Spencer, first of the Bostonians to go to bat in the 10th, lofted a one-and-two pitch into the right field bull pen for his 10th homer of the year and the 5-4 triumph. The victory was credited to southpaw Earl Johnson, who retired the Senators in order in their 10th.

Paige Wins Again

Cleveland, Aug. 20.—(P)—Ageless Satchel Paige shutout the Chicago White Sox with three hits tonight as the league-leading Cleveland Indians triumphed 1 to 0 before the largest night game crowd in major league history—a standing-room-only assemblage of 78,362.

Paige's white-washing job was the fourth in a row turned in by a Cleveland pitcher and tied an American league mark of four straight shut-outs, set by the Cleveland club of 1903 and equalled by the New York Yankees in 1932.
Tonight's shut-out was Paige's second in a row. He blanked the White Sox with five singles while winning a 5 to 0 game in Chicago last Friday night.
The fabulous Negro hurler now has won all three of his major league

Raymond Johnson Named President Football Writers

Chicago, Aug. 20.—(P)—Raymond Johnson, sports editor of the Nashville Tennessean, today was named 1948-49 president of the Football Writers Association of America. He succeeds Bill Leiser, sports editor of the San Francisco Chronicle.

Hal Middlesworth of the Oklahoma City Oklahoman moved into the first vice-presidency, succeeding Johnson, and H. G. Salsinger of the Detroit News was elected second vice-president.

New board of directors members: Zipp Newman, Birmingham News; Rube Samuelson, Pasadena Star-News; Bill Sansing, University of Texas; Bob Busby, Kansas City Star; Al Warden, Ogden, Utah, Standard Examiner; Pat Harmon, Cedar Rapids, Ia., Gazette; Royal Brougham, Seattle Post-Intelligencer; Chet Smith, Pittsburgh Press; Grantland Rice, North American Newspaper Alliance; Smith Barner, Greensboro, N. C., News.

Register was re-elected secretary-treasurer for the seventh year. The writer designated a committee to survey prospects of starting a football hall of fame, comparing with baseball's hall and approved continuance of its All-America selection for Look magazine, co-ordinating this year with Grantland Rice.

The writers approved a new type of football lineup for publishing purposes, listing the offensive lineup as given by the coaches as the starting lineup. The complete lineup will include listing of all players under their positions, instead of separate listing for substitutes.

Athletic Mystery Solved By Mack

Philadelphia, Aug. 20.—(P)—Baseball's mystery of the year was solved today and the detective was none other than Connie Mack.

"Our boys just don't make mistakes," was the way the Philadelphia Athletics owner-manager put it. The mystery which has baffled sports writers and fans all season is how Mack's Athletics have remained in the fore front of the American league despite a lack of stars.

The club hasn't a single heavy hitter of the type that break fences with tremendous drives; there are no potential 20-game winners among the pitchers; there are no fielding wizards like Marty Marion or Lou Boudreau.

But every man on the club does his job competently. And it's a rare day when Athletics' fielders boot a ball in a key spot; or when a pitcher for the club fails to halt a budding rally with a well-timed strikeout; or a 230 hitter doesn't bat in some runs when he comes up with the bases loaded.

That's what Mack meant when he said his team doesn't make mistakes.

Pros Down Collegians By Greatest Margin In Fifteen Years

Chicago, Aug. 20.—(P)—The Chicago Cardinals, displaying the class that swept them to the 1947 championship of the National football league, tonight ended the college All-Stars' two year domination of the annual game by burying the collegians under a 28 to 0 score.

The game, played in flood-lighted Soldier Field, drew a shirt sleeved crowd of 101,220 spectators. The Cardinals' margin of victory was the widest in the history of the 15-year-old series.

The All-Stars, coached by Notre Dame's Frank Leahy, made only one serious threat with their heralded twin offensive. That was in the third period when the collegians marched 44 yards to the Cardinals' one yard line.

The slashing running of Carley Tripp, Georgia's one time All-American, Pat Harder and Elmer Angsman, a former Notre Dame star, and te passing of Paul Christman and Ray Malouff riddled and bewildered the outplayed collegians. The professional champions scored with apparent ease in every period, with the exception of the third, when they throttled the one All-Star threat on their one-yard stripe.

First period: The All Stars kicked off poorly to the Cardinals 55. Trippi made nine and then fumbled. Scott receiving for the Stars, on Cardinal 43. The All-Star attack fizzled after Lujack missed the target on two passes. Conery punted over the Cardinal goal line. Then the professional champions started an 80 yard march to a touchdown. Angsman and Trippi spearheaded a devastating Cardinal line attack to the All-Star two yard line and then Angsman smashed across for a touchdown. Harder placed kicked the point and the Cardinals led, 7 to 0.

Lujack Passes
Starting on their own 20, the All Stars launched their first sustained offensive of the game as Lujack tossed a 15 yard pass to Clearly and Simmons ripped to midfield as the first period ended with the score: Cardinals, 7; All Stars, 0.
Second period: The All Star drive bogged down on the Cardinals. 32 after Lujack missed on a pass to Swiacki and Fears was nailed on an end around without gaining. Di-mancheff fumbled and Scott recovered for the All-Stars for the second time. The All-Stars switched from the T-formation to single wingback. However, after barging to one first down on All-Star passing attack with Conery in the pitching role fizzled and the Cards took over on their own 18.

The Cardinals reeled off another long touchdown drive going 62 yards in eight plays. With Schwall smashing 14 yards through the middle into pay dirt. Christman pitched 17 yards to Angsman, 15 to Dewell and 11 to Kutner in the Cardinal scoring drive. Harder again kicked the point, making the score: Chicago Cardinals 14; All-Stars 0.

Cochran Sprouts 30 Yards
The All-Stars failed to gain after the Cardinal kickoff. Cochran sprinted 30 yards with an All-Star punt to the Collegians 32. A bad pass from center was recovered by the All-Stars' big Negro end, Len Ford, on the Collegian's 41 but another passing flury by Lujack missed and the Cardinals took over on downs on their own 41. A 17 yard pass, Christman to Kutner, and a 15 yard penalty against the All Stars for roughing the passer had the pros inside All-Star territory as the half ended with the score Chicago Cardinals, 14; College All-Stars 0.

Third period: After the Cardinals kicked off to start the second half the All-Stars were forced back to their goal line when Wedemeyer was trapped trying to pass and was nailed on his one yard line. Conery kicked out of trouble to midfield. After a 16 yard pass, Christman to Kutner, the Cards' attack stalled on the All Star 25. The All Stars again failed to percolate and Conery kicked to the Cardinals 44.

All-Stars Best Drive
A Cardinal passing attack was throttled and Malouff kicked out of bounds on the College 15. The All-Stars made their best drive of the game, advancing to the Cardinals' one yard line. There the march failed and the Cardinals took over on downs. A 20 yard scamper by Gompers and a tricky lateral forward by Moss to Lujack to Dan Edwards, covering 44 yards, sparked the college thrust. The period ended with the score: Chicago Cardinals, 14; College All-Stars, 0.

Fourth period: Christman was thrown for a 15 yard loss trying to pass. Harder bowled 17 yards, but the All-Stars held and the pros had to kick. Chappius flicker a 25 yard pass to Ford, in midfield, but the All-Star offensive bogged down and Conery got a poor kick off which traveled only ten yards to the Cards' 40. After a Cardinal punt, the pros scored their third touchdown of the game. Center Vince Banonis intercepted a wide pass by Perry Moss and romped 31 yards to score unmolested. Harder kicked the point and the Cardinals led, 21 to 0.

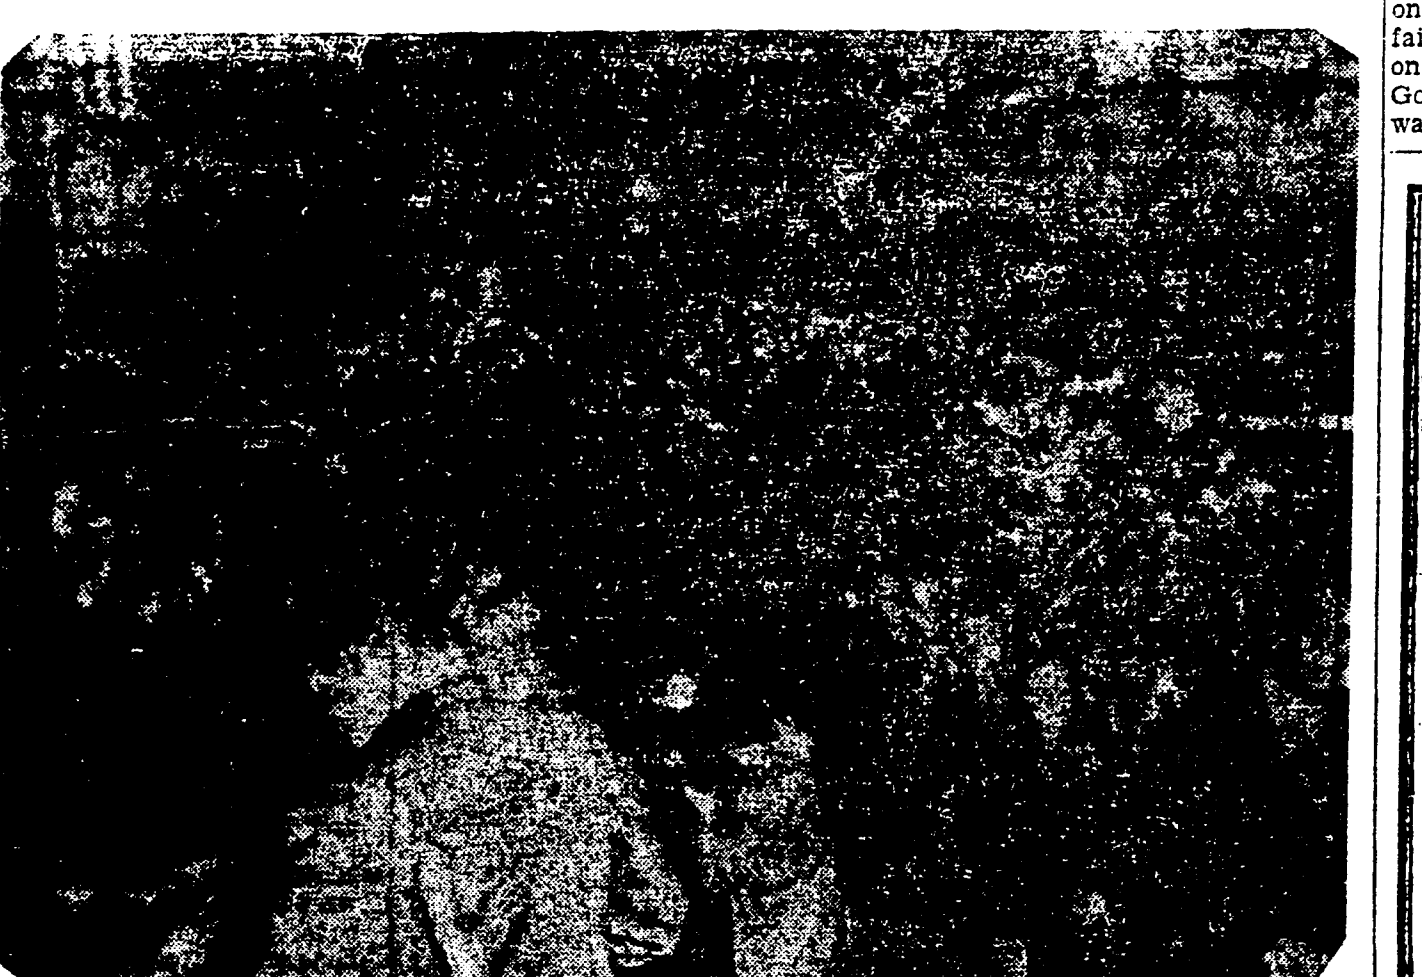

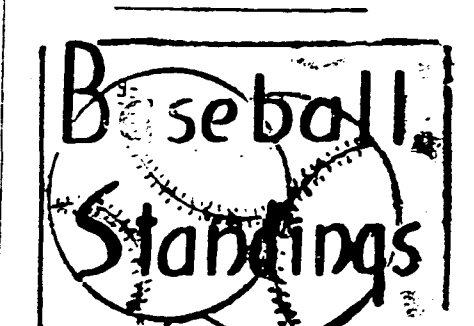

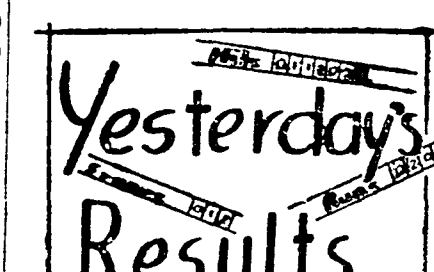

Pass Unsuccessfully
The All-Stars tried some fruitless passes deep in their own territory and were forced to punt. With the pressure off, the Cardinals slowed up somewhat in their attack and after crossing midfield punted to the All-Star 14. Bobby Layne fumbled and Blackburn recovered for the Cardinals on the College 17.

Four plays later with the ball on the All-Star 13 yard line, Malouff clipped a pass to Tripp, who grabbed the ball in stride on this five and scooted over for another touchdown. Harder kicked the point, making the final score. Chicago Cardinals, 28, All Stars 0.

Orphans Return To Former Home
Chicago, Aug. 20.—(P)—The 33 youngsters made homeless by a superior court order were back in their 26-room mansion today.
Judge Peter H. Schwaba modified yesterday his order forbidding use of the building as a home for the children's home, pending a decision on whether the children are a neighborhood nuisance and the home violates a zoning ordinance. The modification restored the children to their home until Sept. 7, at least.
The original order restraining use of the mansion as a home for the children was issued on request of 17 neighbors.

Governor Green Host To Newsmen
Springfield, Ill., Aug. 20.—(P)—Governor Green was host today to several hundred Illinois newspaper publishers and editors at the State Fair.
A reception at the mansion, where Gov. Earl Warren of California greeted the newspaper executives, preceded a tour of the fairgrounds. Warren, Republican vice presidential nominee, was an overnight guest of Green. Both governors plan to attend the All-Star football game in Chicago tonight.

SABRINA had never picked a lock in her life, but it was done every day in books. She tipped along the carpeted upper passage and whisked round the corner to the second floor of stairs leading to the top floor of the house. Gripped tightly in one hand she carried her burglar tools—nail-scissors with curved points, a button-hook, and some wire hairpins stolen from Aunt Effie's dressing-table.

She climbed the stairs stealthily, step by step, and the fine old oak never creaked once under her scant 90 pounds. Sabrina at 17 had lost her baby fat, but had not yet begun, as Aunt Effie was fond of remarking, to fill out.

At the top of the stairs she stopped to listen, bending perilously double over the bannisters. Not a sound from below. They would think she was reading in her room, which was only natural because it was raining. She was free, reasonably so, till tea time. With a long-drawn breath she faced the locked door, dropped to her knees in front of the keyhole, and set to work.

She bent the hairpins in various ways, patiently. She tried the button-hook from all angles. Then she tried both hairpin and button-hook together. Nothing happened at all, and the small scraping noises she made seemed to reverberate through the tranquil silence of the house. Just as she was about to give up, the hairpin caught and lodged. She exerted cautious pressure with the button-hook. Something clicked. She had done it. The lock had turned.

She knelt there, staring at the door, wide-eyed and shaken. The first thing that occurred to her was that now she could never get it locked again. And then she didn't care, for the knob had turned easily under her hand, and the door moved two inches inward. The crack went on widening, before she beheld the forbidden room. With a quick glance behind her at the empty stairs, she snatched up her tools and got to her feet—stepped across the threshold swiftly and closed the door, shutting herself inside.

THE day they had arrived to take possession of the house, a month ago at the end of March, Sabrina on her early explorations had run up the last flight of stairs because there was that closed door at the top and she naturally wondered what was behind it. To her surprise, when she laid her hand on the knob the door would not open.

A locked room. How mysterious. Sabrina at once tried to see through the keyhole, but Aunt Effie called to her from below and told her to come away. There was something in the lease about their not having the use of that room, she said.

Sabrina was asking excited questions over the bannisters such as Why not, and What was in it, and Whose room was it, when she became aware of the housekeeper—a dour middle-aged woman who went with the house, like the furniture, when you let it—standing at the bottom of the stairs looking up at her. Somehow at sight of the woman's still, watchful face the questions died on Sabrina's lips and she came back down the stairs, one foot slowly at a time, towards where Mrs. Pitton stood. And as she reached the bottom—"That room is kept locked when he's not at home," said Mrs. Pitton in her quiet country voice, and she turned without smiling and went away down the back stairs toward the kitchen.

After that, Sabrina had gone round calling it the Bluebeard Chamber until Father heard and said Nonsense, and explained irritably that the locked room merely belonged to one of the sons who

Just as she was about to give up, the hairpin caught and lodged. She exerted cautious pressure with the button-hook. Something clicked. She had done it. The lock had turned.

was not available to clear out his possessions from the cupboard and drawers and empty the place for the use of a tenant.

FATHER had retired that winter from his professorship in London, in order to write a book about prehistoric England and those of its inhabitants who were responsible for the long barrows, and the mysterious hilltop camps, and the stone circles. The Mendip Hills surrounding the country about in barrows and stones and ancient mines and encampments, and Father's intention was to live amongst them while he wrote, making excursions by car to neighboring sites when he felt like it, or when the weather was particularly fine, or his desk work palled, or his womenfolk obtruded themselves too much on his notice. Having been without a wife ever since Sabrina was born, Father was not well broken in as regards womenfolk.

Aunt Effie and Sabrina bored him, and kept out of his way as much as possible, which only spoiled him. But Aunt Effie, who had never been married, believed that all men were pretty much alike. Unless, of course, they were Rakes, she would add. Father wasn't a Rake. Sabrina's ideas of life were necessarily, in these circumstances, rather constricted, and her experience, compared to that of most girls of her enlightened generation, was calamitously small. Once she had been sent to a fashionable school in Sussex.

To Sabrina, an only child accustomed either to solitude or to adult society, it was a captivity full of horror. She could not fit in, she did everything out of turn, she was stricken dumb in the classrooms, and failed miserably at games. Every now and then she cried herself sick and begged to go home. Eventually Aunt Effie came and took Sabrina away—when a new term had just been paid for, too—and there was another governess. But governesses, said Aunt Effie, were not what they had been in her day.

THE governess was let go when they came to Nuns Farthing, as it would soon be Easter again, and time for a holiday. They had never lived in the country before, because Father needed to

be near the British Museum Reading-Room and the University, but in her youth Aunt Effie had been a fervid gardener, and Sabrina was hoping to own a kitten. She did things that neither Aunt Effie nor Sabrina had seen the house before they arrived from London prepared to stay in it for an indefinite period of time.

"I have taken a house in the Mendip Hills," said Father one night in London at the end of dinner. "Not far from Dolebury Camp," he added, as though that explained everything.

"Well, really, Alan, you might have told me! That is, I'd like to have known!" Aunt Effie remonstrated.

Father looked at her patiently over his spectacles and pointed out with great reasonableness that she knew now.

"Has it got a garden?" she demanded at once.

Father said Yes, he believed things grew.

"And has it got bathrooms?" persisted Aunt Effie in the order of their importance.

Father set down his after-dinner coffee cup with a small irritable clink.

"My dear Effie," he said, for she was after all his own sister, "there is no reason for you to suppose that I would take a lease on Dolebury Camp itself for a home. The house has three bathrooms, and is otherwise adequately furnished. It is called Nuns Farthing. And don't ask me why," he continued hastily as both their mouths came open, "because I don't know. Wells is the nearest town of any size. I shall be able to use the museum there."

He rose then, and left them, disappearing behind the closed door of his den.

"Men!" said Aunt Effie hopelessly, to the astonished air. Sabrina was delighted, and began at once to pack.

They arrived at Nuns Farthing by motor with their luggage, on a late afternoon in March, with a damp, chilly wind blowing off the Hills.

257 Sign Up For St. Louis Trip; Need More Cars

A total of 257, 174 boys and 83 girls had registered for the Junior Chamber of Commerce Baseball Tour to St. Louis, when registrations closed at 4 o'clock Friday afternoon.

Twenty nine Jacksonville and Morgan county residents had signed to furnish automobiles to transport the children to the Missouri city. Several more cars are needed. John E. Bellatti, chairman of the committee, said Friday afternoon.

All drivers of cars will be given a ticket of admission to the game and a sticker that will give them free bridge toll over the Lewis Clark Bridge at Alton.

Chairman Bellatti said that all children who have registered should meet at the Academy Hall lot on South Church street at 9:30 o'clock (CST) Thursday morning.

All children should either bring a lunch or sufficient money to purchase food at the park.

Members of the Junior Chamber of Commerce will accompany the children to St. Louis and assist in seating them in the park.

After the children have been loaded into the automobiles on South Church street the group will move out on Morton avenue to Route 104 for a trip to Waverly where the procession will go over Route 111 to St. Louis. Five state highway patrolmen will escort the group to Alton. After crossing the bridge at Alton the Missouri State Highway Patrol will escort the cars to the "circle" when the delegation will be met by the St. Louis City Traffic Squad who will take them to Sportsman's Park.

After the game the drivers will proceed home as soon as the cars are loaded, not waiting for the others.

\$5 Award To Trucker Closes '48 Campaign

The current Courteous Drivers campaign ended Friday with the choosing of a truck driver. The committee of the day, Ray Steinheimer and Frank Corrinaton, selected Eugene H. Dodsworth, 134 East Vandavia Road.

Dodsworth was driving his truck east on West College when the committee started following him. It was not necessary for him to stop at the corner of College avenue and South Main street because the stop lights were in his favor. Dodsworth proceeded east on East College until he came to Cooney's filling station, where he stopped. After several minutes he left the station and continued east on College until he came to the corner of College and South Clay. He stopped, signaled for a left turn, and continued north on South Clay until he came to East State. He drove east on East State until he came to the C and A railroad depot.

The committee approached him at the station and Dodsworth produced his driver's license. Dodsworth has lived in Jacksonville all his life. He has been in the trucking business for 25 years.

Dodsworth is pictured above receiving his \$5 award, furnished by the Chicago Motor Club, from Corrinaton, left, and Steinheimer, right.

Accept Different Spelling Of Red Teacher's Name

Washington, Aug. 20.—(AP)—The name of the Russian refugee school teacher who leaped from a window of the Soviet consulate general in New York is officially Kasenkina.

The diplomatic exchanges between the United States and Soviet Russia today spelled it that way. Heretofore the English translation generally had been spelled Kosenkina—with an O.

Michael J. McDermott, state department press officer, explained Russia's formal protests changed the previously accepted spelling, so the United States followed suit.

Similarly, the name of another Russian school teacher figuring in the congressional spy investigations has been translated variously as Samarin and Samarine.

Fishing Boat Develops Leak, Sends Out SOS

San Diego, Calif., Aug. 20.—(AP)—A badly-leaking fishing boat—the Allen—was being towed into San Diego today by the Destroyer Perry, which answered her distress call 75 miles to the south yesterday.

The Allen, a boat less than 30 feet long, developed a dangerous leak and another small fishing boat, the Ginger, took her in tow. But, because of the seriousness of the leak, the Allen continued sending out SOS calls over a hand-cranked radio until the Perry arrived.

It was not known how many persons were aboard the Allen.

Boys 'Awful Sorry' For Starting Fire Which Killed Five

Reno, Nev., Aug. 20.—(AP)—Two "awful sorry" negro boys were held by juvenile authorities today for starting a downtown fire Sunday which killed five persons and injured 137.

Police Chief L. R. Greeson said the nine-year-old boys told him they started a paper fire in the basement of a vacant building, then tried vainly to put it out as it spread to stored junk.

"I won't play with matches no more," one told him. Both were placed under juvenile court jurisdiction but are being housed temporarily in the county jail.

Win Awards For Artistic Handiwork At Fair

Artistic handicraft with flowers produced some winners in a contest conducted by Prairie Farmer-WLS at the State Fair Monday, Aug. 16. Shown here are Gladys Skelley, Prairie Farmer-WLS modern home-making editor; Mrs. Wm. Stellwagon, Altamont, Ill., Effingham county, third prize winner; Mrs. Thurman Otter, Coffeen, Ill., Montgomery county, first prize winner; student nurse Lenora Walsh, Oakland, Ill., Coles county, who is completing her training at St. John's hospital, Springfield, and Mrs. Herbert Clayton, Route Two, Franklin, Morgan county, second prize winner.

Reach No Verdict On Potter; Resume Case Next Week

Great Lakes, Ill., —(AP)—The court martial trying Capt. Howard Potter, U. S. Navy Reserve, accused of holding a civilian job while on active duty in the navy, failed today to reach a verdict.

The board, composed of five navy captains, a marine colonel and a navy commander, began considering the case this morning and adjourned in the late afternoon.

They will reconvene Monday. Potter, formerly of Jacksonville, Ill., is accused of holding a \$350 monthly job with the Illinois Housing Board while on active duty.

He has been in charge of the navy reserve Sea-Bee program in the Ninth naval district.

Entertain Club Tuesday Night In Winchester

Winchester—The Scott county rural youth members were entertained Tuesday night, August 17, at a lawn party at the home of Mr. and Mrs. Harry Rueter, in Winchester. The party was conducted by Marian Rueter.

The business meeting was brought to order by Mary Kunzeman, secretary-treasurer, and plans were discussed for a hay ride and Wiener roast to be held in September. Benjamin Benton, recreation chairman, appointed the following for the committee: Paul Welsh, chairman; Margarette Cox, LeRoy Friesen, Harlen Schone, Barbara Wedder, Helen Rueter, Dale Kunzeman, Rex Worral, and Billy Knapp.

After the business meeting, a treasure hunt was enjoyed by the group. Refreshments were served, and the members assembled in the house, where group singing was held, accompanied by Marian Rueter on the piano.

Staff-Davis Nuptials Held Friday Evening

Popular Couple Wed In Rites At Grace Church

One of the most impressive weddings of the late summer season was that Friday evening of Miss Betty June Davis and William Arthur Staff.

The well-known Jacksonville couple was united in a single-ring ceremony which took place at 8 p.m. at Grace Methodist church with the pastor, the Rev. Frank Marston, receiving the vows.

Mr. and Mrs. Carl A. Davis of 130 Prospect street are the bride's parents. Mr. Staff is the son of Dr. and Mrs. L. E. Staff, 1006 West State street.

The more than 200 guests attending the wedding were seated by William J. Anderson of St. Louis, Mo., Robert Larberg of Kansas City, Mo., cousin of the bride, and George R. Machlin, Robert Underbrink and Glen Skinner of this city.

Glowing tapers were arranged in eight candlebrun to provide a proper setting for the candlelight ceremony. The background was further enhanced with a large center bouquet of white gladioli, with end bouquets of mixed flowers. White gladioli and white satin ribbon were used to adorn the three front pews.

The business meeting was brought to order by Mary Kunzeman, secretary-treasurer, and plans were discussed for a hay ride and Wiener roast to be held in September. Benjamin Benton, recreation chairman, appointed the following for the committee: Paul Welsh, chairman; Margarette Cox, LeRoy Friesen, Harlen Schone, Barbara Wedder, Helen Rueter, Dale Kunzeman, Rex Worral, and Billy Knapp.
